

ST SCREEN-TECH

PRECISION SHEET METAL and CNC MACHINING

Screen-Tech, Inc., a Bay Area leader in Precision Sheet Metal Manufacturing, CNC Machining, and Assembly, maintains a position of manufacturing leadership by consistently delivering on-time, quality products at a competitive (value) price. Serving our customers since 1969, we offer personalized, individually tailored solutions to our customers. and are continually improving and diversifying our manufacturing techniques to meet the ever changing demand of complex manufacturing.

*** ISO 9001:2000 Certified; Registration No. 10000103 QM ***

Industries Served

- Industrial
- Solar & Wind
- Semiconductor
- Defense
- Medical
- Processing Equipment
- Aerospace
- Network
- Telco

ST SCREEN-TECH

PRECISION SHEET METAL and CNC MACHINING

Capabilities

- Complete Precision Sheet Metal, CNC Machining and Assembly
- 60,000 Sq. Ft. Manufacturing Facility
- Day and Evening Production Crews To Meet Your Critical Delivery Schedule
- All Metals, Plastics, and Composites
- Turnkey Assembly Service with Kanban Delivery
- Electromechanical Assembly, ESD Controlled 1,500 Sq. Ft. Area
- Precision Laser Cutting of .003-1.000 Thick Material, Up To 5' X 10' Sheets
- Complete Precision Frame Fabrication
- Pro-Engineer, Solid-Works, Auto-CAD Inventor, Amada AP-100 and Geopath Machining Software
- Design For Manufacturing/Assembly
- Complete Facility & Tooling List Available Upon Request

Engineering

Customer Service

Facilities List

- **CNC Punching Equipment**
 - Amada Vipros King II 58 Station
 - 4 Auto Index Thick Turret CNC Punch
 - With MP1225 Robotic Load/Unload System
 - Amada EM2510NT 58 Station with
 - 2 Auto Index Thick Turret CNC Punch With
 - MP 1225 Robotic Load/ Unload System
- **Laser Equipment**
 - Mazak Hypergear 4000 Watt Laser with
 - two 5' x 10' Tables
- **Machining Equipment**
 - Shizuoka SV-4024 40x24 Table 30HP 12K RPM
 - Haas VF-3SS 40x20 Table 30HP 12 RPM
- **Forming Equipment**
 - 10' Amada 110 Ton FBD 1030 6 Axis
 - Network programmable CNC Control
 - 10' Amada 110 Ton with 3 Axis CNC Control
- **Hardware Equipment**
 - Haeger 824 Hardware Press with Touch Screen
 - Control and Auto Feed
 - (4) Haeger Hardware Presses with Auto Feed
 - AutoSert Hardware Press with Auto Feed
- **Welding Equipment**
 - Panasonic Welding Robotic Cell

STI SCREEN-TECH

The Competitive Advantage in Value Added Assembly

Screen-Tech Inc. is one of the premier companies in Silicon Valley providing specialized Contract Manufacturing for over 40 years. With “in-house” precision sheet metal and CNC machining, few companies can deliver a one stop solution like Screen-Tech, Inc.

Mechanical and Sub System Assembly:

Screen-Tech offers key value added manufacturing services at multiple stages of product development. Our turnkey contract services range from complex box builds to simple fan tray assemblies. Additionally, STI can tackle various automation services as well as wire assemblies to the most exacting specifications. Screen-Tech can assist your manufacturing development team with intelligent Design For Manufacturing Engineering (DFM) and quick turn prototypes.

Quality Assurance:

Screen-Tech, Inc is a Veteran Owned, ISO registered company with a complete QA and in process quality checks to assure our clients get a highly consistent and reliable product.

Logistics Management:

Screen-Tech, Inc. uses state-of-the-art ERP software systems delivering the most efficient and cost effective solutions to product manufactures worldwide. Our specialized purchasing and logistics group has the experiences and supplier partnerships to deliver a truly cost effective turnkey quality product.

CERTIFICATE

UL DQS Inc.
Management Systems Solutions

hereby certifies that the company

Screen-Tech, Inc.

470 Needles Drive
San Jose, CA 95112
USA

has implemented and maintains a **Quality Management System.**

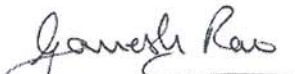

Scope:

The manufacture and assembly of fabricated metal products to meet customer specifications and requirements.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 9001 : 2008

Certificate Registration No.	10000103 QM08
Original Certificate Date	2006-09-07
Revision Date	2010-03-28
Date of Certification	2009-09-07
Valid until	2012-09-06
